

*The Holiday Season is a time of reflection and anticipation at Bush River Jerseys. We continue to be thankful for the blessings and accomplishments we have enjoyed during the past year, while attempting to learn from and improve on our failures.*

*Current economic conditions have proven emphatically that "the little things do make a big difference". We feel that our employees, especially those who are at home doing the daily chores, truly understand and follow this philosophy. During this time of reflection it is more apparent than ever before that each and every one of our employees deserves a heart-felt "THANK YOU".*

*We are fortunate to have an extensive list of friends and fellow breeders who allow us to house their cattle. The care and development of their investments is a responsibility we do not take lightly.*

*The continued success of our Jersey cow has increased our level of anticipation for the new year as we strive to expand and further develop our list of satisfied buyers through the next*
