The Faces of Bush River

Dairying can be the most rewarding or the most challenging experience on any given day. But keeping our spirits high is easy at Bush River Jerseys because we are blessed to milk the most wonderful and most profitable cow in the business . . . the Jersey.

Thank you to everyone who has visited the farm this year. It has been refreshing to visit with folks here at the dairy or out on the road with the showstring. The recognition of cows in our breeding program by our peers is always amazing to us. We appreciate your business and interest in cows bred for cheese yield dollars, teat placement and shallow udders.

If you are looking for a special heifer or a bull to fit your service sire needs, Bush River Jerseys has a pedigree that will work for you. Contact us today.
