

Moving into the
Future

Bush River Jerseys has been a proud supporter of Equity since the program's inception in 1976. We are proud to have supported a program that has worked diligently to insure that the Jersey cow and her products are the most profitable of any dairy breed in the world.

In September 2004, we began bottling our own milk. Our product has always carried the All-Jersey label. This past summer, the board of directors for National All-Jersey Inc., voted to move the "Queen of Quality" label into the future. We are proud to move with them and soon when you find Bush River products, you will also see the new and improved logo that stands for the same high quality product.

Thank you to the over 1,100 other dairies and businesses that also support the Equity program and its goal.

We would like to say Thank You to the buyers in the 9th Bush River & Treasure Chest Combination Sale. With each of your purchases, you took home high-quality individuals backed with our seal of approval.

"Breeding for cheese yield dollars, teat placement and udder depth"
