

The Refugee Story

It started with a purchase from our good neighbor, Henry Black of Briarcliff Farm. The purchase was **Briarcliff Welcome Refugee**, the start of a small, but impressive family.

One member was **Highland Chief M Refugee**, 9 lactations m.e. average 15,849—796—626. She is the dam of a little ET guy born April 14, 2009, **Highland Lester Refugee**. Though time has taken its toll on his numbers, we're still glad to have him. His full sister **Highland Lester C. Refugee**, has 4-4 305 19,900 4.5% 905 3.9% 770 DHIR. She is a third generation Excellent and has an ET son born April 7, 2009: **Highland Bold Randolph-ET**.

Direct descendants in the herd today are: **Highland Hallmark B Refugee, E-91%**, 5-0 305 19,990 4.8% 967 3.9% 783 103DCR and **Highland Montana B Refugee, E-90%**, 4-7 305 22,410 4.7% 1,064 3.2% 714 98DCR

Interesting descendants of this same family are MVF Bold Venture Daniel, "Blacky Rose" and the "LF Lee" cow family.
