### An Iowa Farmer

I am an Iowa farmer,  
part and product of the land on which I grew.  
Flat and open and straight,  
like the farm roads that border the fields.  
Friendly and receptive, like the rich,  
black soil that grows the corn.  
Simple and plain, but productive,  
like the fields of soybeans and hay.  
Of course, an Iowa farmer has not many deep  
intriguing forests within,  
not many clear refreshing lakes to draw upon,  
no lofty mountain peaks to soar from,  
no yawning canyons to descend.  
My wonder of nature in the fertile earth beneath  
my feet and the squared-off ruler-straight rows  
of hybrid seed corn.  
But no matter, I am who I am.  
An Iowa farmer and that is more than enough.
